Finding Funding
 The University of Arizona provides a variety of tools and resources to assist faculty, students, and staff to identify funding opportunities for research, creative, and scholarly activities. Access to Pivot is provided by using a University of Arizona ID. Pivot contains the most comprehensive, regularly maintained database of funding opportunities with a unique database of 3 million pre-populated advisor profiles. For assistance using Pivot or for other help finding funding for your research research, contact Research Development Services: resdev@emerald.arizona.edu.

Pivot Tips & Resources
 If you have questions about Pivot, please Contact Pivot Help. The following tips and resources are available to help you:

Research and Proposal Development Resources
 The Office of Research and Faculty Development (ORFD) provides resources and services for University of Idaho faculty that enhance their success and productivity, with the goal of growing U of I's research enterprise.
 Whether you're creating a research plan, searching for funding, or developing competitive proposals of any size, our proposal development specialists can help. Contact us for more information or to request our services.
Limited Submission Opportunities
 ORFD manages the review process for limited submissions (see policy here). For information about current limited submission opportunities, please visit the InfoReady Review page.

Resources for Researchers
 It can be difficult to know where to start when navigating the requirements for a new grant. It is pleased to start within your department to ensure that they will support your application. Contact your department head, dean and/or associate dean of research to discuss your plan, and get feedback. If your research plan is not yet ready for major granting organizations, you should also explore the University's **internal funding opportunities**, which are rich with:
 • Search
 • Filter
 • Sort
 • Export
 • Print

New UI Key Benefits

- Full-width UI; more modern design, accessible
- Dashboard style homepage brings visibility to the most important features and makes them easier to use
- Highly customisable - Custom logos, colours, images and links makes Pivot-RP more seamless to institutional web presence
- Custom text area to showcase your institution and resources
- More personalised user experience; guides user to profile, preferences and personal folders
- Easier and more intuitive access to key features

New Features & Functionality

- Relevance ranked results
- Facetted navigation
- Limited submissions
- Career stages
- Individual opportunity tracking
- Dynamic keyword/discipline wheel
- Add internal funding opportunities
- ORCID integration for profiles
- Expanded awards data
- Private individual workgroups
- Ability to schedule recurring newsletters
- Expanded administrator reports
- Accessibility first design

**Improvements
go beyond look
and feel!**

Easy to Use: Intuitive Search & Navigation

The screenshot shows a web interface for searching funding opportunities. At the top, there are navigation tabs: Home, Funding, Profiles, Conferences, Awarded Grants, and News. A search bar contains the query: "Your Search: ((robotics) AND (amount_usd_search:[10000 TO *] OR amount_unspecified:(UNSPECIFIED))) filtered by: (host_location:(United States OR Unrestricted))". Below the search bar are links for "Advanced Search", "Save Search", and "Refine Search".

On the left, a sidebar titled "Set by your institution" contains several filter categories with counts:

- Applicant/Institution Location:** United States OR Unrestricted
- Submission type:** Limited Submission (2)
- Deadline Certainty:** Anticipated (29), Confirmed (11)
- Funding types:** Research: Project Grants & Innovation (26), Institutional, Program or Curriculum Development (7), Prizes and Awards (6), Collaboration Opportunities & Networking (4), Scholarships, Training or Bursaries (3), more...
- Funder types:** Private Foundation or Non-Profit (11), US Federal Government (9), Commercial or Private Sector (7), Government, Non-U.S. (6), Academic Institution (3)
- Applicant types:** Individuals: Early Career and Emerging in ... (22), Individuals: Mid-Career to Established in ... (22), Academic Institution (21), Non-profit (21), Commercial or Private Sector (16)

The main content area displays a table of 40 results. The table has columns for "Deadline" and "Amount". The results are as follows:

| | Deadline | Amount |
|---|--|---------------|
| <input type="checkbox"/> 40 Results Sort ▾ | | |
| <input type="checkbox"/> Foundational Research in Robotics National Science Foundation (NSF) | Continuous Full Proposal Confirmed | see record |

Funding Insight: Searchable Awarded Grants

Awarded Grants

The database consists of detailed, comprehensive information about awarded grants. Use advanced search for more options such as searching by year, principal investigator, award value, award ID, or host institution. View detailed award information and in some cases it is possible to link to investigator profiles and current opportunities for recurring awards.

Funders Include

- Academy of Finland (AKA)
- Arts and Humanities Research Council (AHRC)
- Australian Research Council (ARC)
- Biotechnology and Biological Sciences Research Council (BBSRC)
- Canadian Institutes of Health Research (CIHR)
- Department of Health (England)
- Economic and Social Research Council (ESRC)
- Engineering and Physical Sciences Research Council (EPSRC)
- Environmental Protection Agency Ireland (EPA)
- Erasmus+
- European Research Council (ERC)
- Formas
- Forte
- H2020 Societal Challenges Programme
- Health Research Board (HRB)
- Health Research Council of New Zealand (HRC)

Search tip

By default, we will look for documents with all the terms entered.

Use "quotations" for exact phrase searches. Use separate terms for separate terms. Use "OR" to search for multiple terms.

Previously awarded grants provide valuable insights into previous winners

Make informed decisions about what opportunities to apply for based on a better understanding of what funders have funded in previous rounds
